Note:

1. Pricing reflects all items and quantities quoted. Any changes to the quote may reflect a change in the pricing. We are working through highly fluid, industry-wide supply chain constraints, resulting in pricing volatility and longer-than-normal delivery times for many manufacturers. Please pay attention to the quote validity period. We support a 15-day validity period, excluding products with real-time pricing. In case, we recommend placing orders as promptly as possible for best availability and pricing.

2. Please kindly leave a message of this order RQ No. or your company name when you pay this order.
